Any gate that barrel racers are required to enter, either center or side, the bar must be removed or buried. When using a center alley in the barrel racing, the barrel racers must leave through the center alley, unless the gate has been closed. Electric timers will be staked or marked and reset over that stake or mark for each performance. Judges will be responsible for setting up electric timers. Before setting the

barrel pattern, take into consideration where the electric timers are to be set. Allow enough room to get cord to announcer's stand or suitable area. Make sure there is access to power if needed. Do not set course too wide for the electric eye to line up.

Set the marker for barrel three (3) where the arcs cross, being sure that barrel three (3) is at least twenty (20) feet off the back of the arena fence. Measure score-line from both barrels one (1) and two (2) to be sure that the distance is equal for contestants going to either the right or left barrel first. Barrels one (1) & two (2) will be set a minimum of eighteen (18) feet off the arena fences unless arena is one hundred (100) feet or less in width, then barrels one (1) & two (2) will be possible. If arena size does not permit standard course, measurements in proportion to the size of the arena shall be used, shortening the distance between barrels. The standard course lengths cannot be exceeded. If score-line is less than the maximum sixty (60) feet, there must be a minimum of fifty (50) feet from the chutes or arena fence for stopping room, unless the arena has a center gate or alley and contestants are allowed to run out the gate. When distance between barrels (1) one & 2 (two) is reduced from standard pattern, for every 10 feet barrels are reduced between (1) one & (2) two. The maximum distance between barrels (2) two & (3) three shall be reduced by (5) five feet. 4.12 When staking barrels for a center alleyway the patterns will be staked starting with the alleyway and measuring equal distance from each side of gate (not the arena).

**4.17** If all barrels are standing when contestant crosses the score-line after completing a qualified run, it is considered a qualified run, even if a barrel falls after she is flagged.

- 4.18** The use of an electric timer is REQUIRED and must be backed up with a flag and two (2) stop watches. The manual times are to be averaged between the two (2) timers and recorded in hundreds and one zero (0) added to have a time recorded in thousands. If the electric timer fails three (3) times during one performance or two (2) times on the same contestant, times will revert to hand flagged times with original stopwatch times to be used on all contestants. Manual times will be used for payoff only when the automatic timer is no longer serviceable.
- 4.19** There shall be no talking to flagmen, timekeepers, or judges during the barrel racing event.
- 4.20** Both judges will be required to be present during the barrel racing event with one judge flagging line and the other judge back up timing & watching to see that a qualified cloverleaf pattern is run. - 4.26** Reruns in the barrel race will be taken at the barrel racer's discretion, either at the end of the barrel race or immediately following the event. The same rule applies to the slack. Reruns will be taken either at the end of the barrel race or immediately following the slack. If contestant chooses to make their rerun immediately after, the ground must be worked regardless of the number of horses that run during the performance.
- 4.27** Rerun to be given contestant at judges' discretion should contestant be fouled. Any penalties incurred during original run will be added to rerun at judge's discretion. If an entire performance is rerun because of barrels not being in original places, then all contestants will run over, and any penalties are disregarded.
- 4.28** It is highly recommended that stock is not watered within twenty-five (25) feet of the barrel stakes.
- 4.29** No one on foot or horseback, besides contestant, will be allowed to remain in arena during contestant's run.
